

KSTAR Conference 2017

January 18th – 20th, 2017, Muju Deogyusan Resort, Jeonbuk, Korea

The KSTAR Conference 2017 will be held at Muju Deogyusan Resort, Jeonbuk, Korea on Wednesday, January 18th thru Friday, January 20th, 2017.

The KSTAR Conference is an annual conference to exchange information on joint experiments and engineering activities in KSTAR and other fusion devices, as well as to discuss the current status of ITER, fusion power plant design, theory, basic plasma research and application. The KSTAR Conference 2017 will give you a chance to exchange view, visions and experiences and to establish fruitful contacts.

TOPICS

- Magnetic Confinement Experiment
- Theory and Modeling
- Fusion Engineering
- Heating and Current Drive
- Diagnostics
- Materials Physics and Technology
- ITER/Demo
- Basic Plasma Science and Application

REGISTRATION

All participants should be registered for the Conference through the conference website (https://kstar.nfri.re.kr/con_home) by December 31th, 2016.

ABSTRACT SUBMISSION DEADLINE

Each abstract should be submitted electronically at conference website (https://kstar.nfri.re.kr/con_home) no later than December 24th, 2016.
